

2016 DELOITTE UK TECHNOLOGY FAST 50 ANNOUNCED

Kantox Ranked Number 6 Fastest Growing Technology Company in the UK in the 2016 Deloitte Technology Fast 50

18th November, London-. Kantox today announced that it ranked number 6 in the 2016 Deloitte UK Technology Fast 50, a ranking of the 50 fastest-growing technology companies in the UK. Rankings are based on percentage revenue growth over the last four years.

Philippe Gelis, Kantox CEO, stated that the reason behind Kantox growth is its bet on innovation: *"In just five years Kantox has grown from an utopic idea of five friends to one of the fastest growing companies working with 35 currencies and 2,000 clients. Our quest to be one step ahead in technology has been one of the main reasons behind that growth."*

David Cobb, partner leading the Deloitte UK Technology Fast 50, said: *"The Deloitte UK Technology Fast 50 gives great profile to technology companies and is internationally recognised as being one of the most important business awards in the sector."*

The 2016 Deloitte UK Technology Fast 50 shows, says Cobb, that tremendous growth rates are still possible, with software sectors showing particular strength, they have had the greatest amount of entries in the past four years.

Deloitte's ranking of the 50 fastest growing UK technology companies generated over £884 million in total annual revenues in the year 2015/16, employing more than 7,100 people and recorded an average four-year growth rate of 1,240 per cent, according to Deloitte. Cobb added, *"this year's ranking highlights the importance of being innovative, recruiting high-skilled talent and finding a niche product or service"*.

The full list of this year's winners and winner breakdown by region and sector is available at <http://www.fast50.co.uk>.

About Kantox

Kantox is a multinational fintech company offering FX management solutions. Everyday, we work hard to solve one of the major pain points faced by international companies: currency management.

We believe that the financial industry, known for its opacity and lack of innovation, needs a radical change. Its time to redefine the industry, adopting more transparent, efficient and fairer ways of doing the business. For Kantox; it's all about the value we bring to our clients.

Our expertise, products and solutions allow our clients to manage their currency exposure, build hedging strategies, automating FX transactions and processing international payments in an intelligent and efficient way.

This enables us to generate significant savings, as well as increased efficiency and productivity for our clients all with full transparency. Our 2,000 clients have trade over \$3,5 billion in 20 countries.

Kantox is headquartered in London and authorised by the Financial Conduct Authority (reference number 580343).
