
Antonio Rami COO & CO-FOUNDER

BIOGRAPHY

Antonio (Toni) Rami is the Chief Operating Officer and co-founder of Kantox, a leading currency management software company with headquarters in London. He founded the company in 2011, with Philippe Gelis and John Carbajal.

Toni has a background in strategy and operations having worked for Inveready Technology Investment Group and Deloitte before founding Kantox in 2011. Highly experienced in corporate finance, Toni is considered an FX and fintech leader and speaks regularly at events across Europe. He holds a Masters in Business Administration from ESADE Business and Law School and Singapore Management University.

Toni speaks English, Catalan, Spanish and German. You can find him on Sundays at Camp Nou (the home of FC Barcelona).
